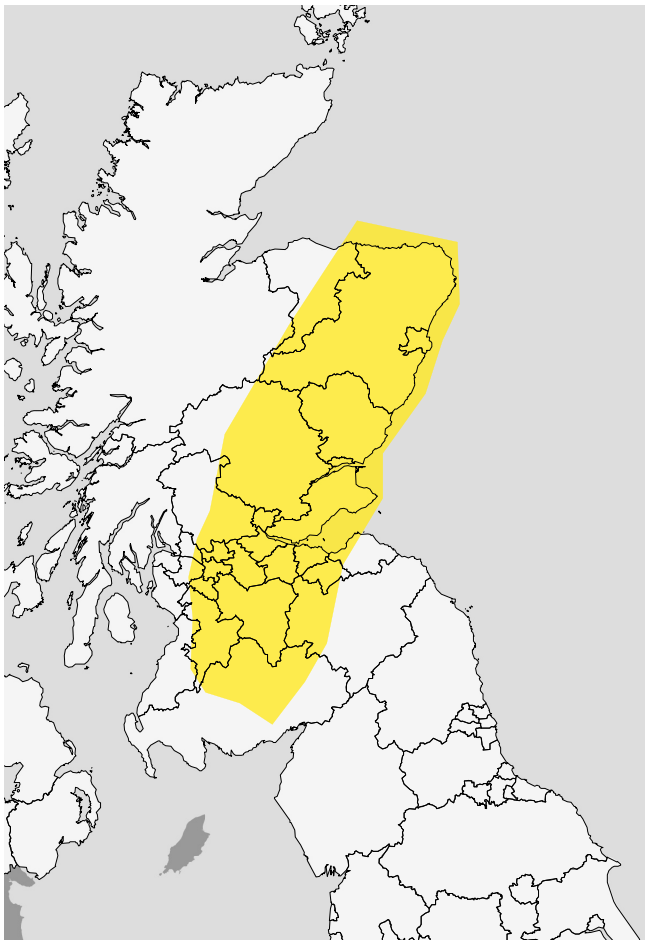
Yellow warning
Lightning

Between
15:02 Sat 29 Jun 2019 and
22:00 Sat 29 Jun 2019



Lightning may cause some impacts across Scotland

What to expect

- Some short term loss of power or other utility services may occur
- Possibly some damage to some buildings/structures

Further details

Thunderstorms will continue this evening especially across northeasern Scotland. Some localised downpours are also possible giving 10 to 15 mm of rainfall in one hour.

Reason for update

Area expanded eastwards to include Aberdeen, western boundary redrawn to reflect the worst has cleared some western areas of Scotland.

Medium likelihood of low impacts
